We welcome all players who wish to play competitive soccer. Tryouts are designed to be fun; they are organized just like team practices, with drills and scrimmages; they simply allow the MP Striker coaching staff to evaluate and correctly place new players. A majority of candidates are invited to join the MP Strikers as we strive to introduce more players to competitive soccer. Players whose birthdays make them younger than the designated U8 age range are also invited to tryout if they wish to “play up”.

Players are strongly encouraged to attend both days of tryouts to give the coaches a better opportunity to get to know them and their parents--and the tryouts are fun for the players!

The **MP Strikers club philosophy** is to provide our players and parents with an extremely positive experience while playing good competitive soccer. We focus on teaching our players soccer fundamentals -- ball-handling skills, passing, and positioning on the field -- because these skills are critical for success in higher levels of play. MP Strikers emphasizes individual development until the age of 14. The MP Strikers way of education and training focuses on:

- **Technique** - Developing a mastery of the ball with both feet and all parts of the body.
- **Insight** - Developing the ability to read the game and make proper decisions on the field.
- **Personality** - Developing leadership, creativity, discipline and a winning mentality.
- **Speed** - Developing athletic ability, use of the body, coordination and speed.

A core goal is to prepare players for the future, both on and off the field. To learn more about the tryouts, club philosophy, and coaching staff please visit our website www.mpstrikersfc.com.

We look forward to seeing you on the field on December 5th and 6th!
